

RAIN STOP NATURA

protettivo idrorepellente, antimuffa, antismog.

Line

PROTECTION "GO GREEN WITH GENERAL"

Function

Impregnator, water repellent, antismog, antimould.
Makes the surface water repellent without impeding water vapour transpiration.
Does not polish and does not change surface appearance. Water runs off without penetrating surface. It doesn't any protects against acid substances.

Materials

Marble, granite, natural stone, terracotta, concrete

How to use

Apply concentrate to surface, spreading evenly with sponge or sprayer. Allow to penetrate surface according to surface porosity, until pores are saturated (apply until no more product can be absorbed). Remove any excess with a cotton cloth.
A second application may be necessary on very porous and absorbent surfaces to be effected "wet on wet". Clouding may occur if excess of product accumulates and dries on polished surfaces; remove by buffing with felt pad

Packaging

L.1-5-10

Characteristics

Contains silicon resins, emulsifying agents, and water.Active ingredients approx. 9%
