Anticante per marmi

Line

PROTECTION-AGERS

Function

Revive and protects the treated surfaces creating a warm and stable shade. Forms an invisible coating that protects against dirt while reviving and accentuating the natural colours and veinings

Materials

Particularly recommended for marble, it may also be used on any porous material

How to use

Apply to dry, clean surface with a paint-brush or rag or cotton cloth. Apply with stroking motion to facilitate penetration and avoid surface build up. After drying, a second coat may be applied to intensify the desired effect.

Before the application, a test in a small, hidden, area is always recommended to evaluate, after drying, the effect obtained
