

MONOCERA ZERO SOLVENTI

CERA A BASE ACQUOSA amica dell'ambiente per MARMI, GRANITI, PIETRE

Line

NATURA

Function

WATER BASED LIQUID WAX

Materials

PROTECTING WAXY FILM FOR POLISHED SURFACES EMHANCING THE GLOSS OF THE MATERIAL

How to use

ON THE CLEAN SURFACE, APPLY WITH CLEAN COTTON CLOTH AND RUB TO FACILITATE THE PENETRATION. SOME MINUTES AFTER THE APPLICATION AND ONCE THE SURFACE IS DRY, POLISH WITH OTHER CLEAN CLOTH OR BUFFING MACHINE TO REACH A VERY HIGH GLOSS DEGREE.

Packaging

Lt.1

Characteristics

MONOCERA ZERO SOLVENTS is a liquid formulation exclusively based on micro-emulsions of waxes, totally free from any solvent so, respectful of the environment.
Several kind of waxes, mainly natural, grants to the product a great versatility of use and multiplicity of effects not easily obtained with a single product.
Its main characteristic is the extraordinary polishing power performed by the presence of hard natural waxes and the very good antistatic and anti dust effect enhancing the clean and the gloss.
It is particularly suitable for polished stons such as marble, granites and hard natural stones.
