

NETSAN

universal cleaner

Line

MAINTENANCE

Function

Rapidly cleans and brightens surface, leaving a pleasingly satiny appearance

Materials

ESPECIALLY RECOMMENDED FOR SURFACES OF NATURAL STONE, MARBLE, GRANITE, TERRACOTTA, CERAMIC TILES etc

How to use

Under normal conditions may be used undiluted or diluted until 10 – 20% ratio with water (1-2 liters of NETSAN in 10 liters of water). Pass mop or cotton rag moistened with pure or diluted product over surfaces to be cleaned, scrubbing vigorously on heavily soiled areas. Do not rinse. Allow to dry before walking on surface. Dry surface can be polished with a buffing machine. □
As it isn't a coat-making product this procedure may be repeated periodically. □

Packaging

LT. 1-5

Characteristics

Contains anionic surfactants, soaps, binding oils, viscosizing and anti-foaming agents. Active ingredients approx. 15%

Important

USE ONLY ORIGINAL CONTAINERS; NEVER POUR THE PRODUCT INTO OTHER METAL OR GLASS CONTAINERS □
ALWAYS EFFECT A PRELIMINARY TEST BEFORE THE APPLICATION □
The product CANNOT STAND THE FROST □
