TECHNICAL DATA SHEET

PRODUCT

DETERGO I DISPLAY

SPECIFIC SANITISING CLEANER FOR EACH LCD/LED SCREEN

It effectively removes fingerprints, dust build-up and other stains from electronic screens to restore clarity, depth and colour vibrancy. Its special formula leaves an antistatic barrier that slows down the re-accumulation of dust, and its sanitising action helps remove germs. For best results, use only the microfibre cloth provided.

APPLICATION

Specific detergent for cleaning all types of screens and surfaces made of delicate materials, which are not compatible with substances contained in common detergents.

PRODUCT LINE

UHL

MATERIALS

Screens and displays of SMARTPHONES, TVs, monitors, PCs, tablets etc.

METHOD OF USE

Spray a small amount of product onto the desired surface and clean with the microfibre cloth provided.
If necessary, repeat the operation.

TEST

On a small surface always carry out a preliminary test to determine: compatibility of the product with the material, consumption and, after drying, aesthetic effect.

COMPOSITION

Reg.(EC) 648/2004: < 5 CATIONIC TENSIOACTIVES, FRAGRANCE.
Contains : BENZALCONIUM CHLORIDE

STABILITY

Avoid storage and use at temperatures below 5°C or above 35°C

PACKAGING

125 ml .,

LIMITS OF LIABILITY The information provided is derived from bibliography or our own laboratory experience and is intended as general guidance and does not constitute a formal warranty. In particular, liability for defective products, once the defect has been ascertained, is in any case limited to the purchase price of the product. On the other hand, no liability is accepted for implicit or explicit damage due to the use of the product, which is beyond our direct control.

ALWAYS CARRY OUT A PRELIMINARY TEST BEFORE APPLICATION
