

TECHNICAL DATA SHEET

PROTEGGO DAI GRAFFI DEI GATTI

**DETERRENT SPRAY FOR CATS
WITH WATER AND NATURAL
ESSENCES**

A product to dissuade and repel cats from the treated surface by forming an olfactory barrier that does not allow them to approach and soil or scratch. Thanks to its formulation based on natural extracts, it is non-toxic for animals and the environment;

LINE

PROTEGGO UHL

MATERIALS

Ita can be used indoors on curtains, various fabrics, carpets, wood and sofas. Outdoors on walls, pots, pavements and all other areas affected by cat habits.

METHOD OF USE

Turn the nozzle of the sprayer to the 'atomiser' function.

Shake the product and spray directly onto the surface from a distance of at least 10 cm. We recommend spraying 3-4 times a day and decreasing the frequency as soon as the animal's habit changes.

The product does not damage or change the appearance of surfaces, but it is always advisable to do a preliminary test on less visible spots.

TEST

Always carry out a preliminary test on a small surface to determine compatibility of the product with the material, consumption and, after drying, aesthetic effect.

COMPOSITION

EMULSION OF NATURAL ESSENCES IN WATER

STABILITY

Avoid storage and use at temperatures below 5°C or above 35°C. Store in a cool, dry place out of direct sunlight and do not use for purposes other than those indicated.

PACKAGING

500 ml .

LIMITS OF LIABILITY The information provided is derived from bibliography or our own laboratory experience and is intended as general guidance and does not constitute a formal warranty. In particular, liability for defective products, once the defect has been ascertained, is in any case limited to the purchase price of the product. On the other hand, no liability is accepted for implicit or explicit damage due to the use of the product, which is beyond our direct control.

ALWAYS CARRY OUT A PRELIMINARY TEST BEFORE APPLICATION
