### MAINTENANCE OF WIDE SURFACES

It is the ideal product for cleaning, maintenance and protection of big absorbing surfaces of stone materials such as marble, granite, gres porcelain tiles, both polished and honed/grinded.

**To be used with floor washing machines, only**, the product is totally free from film making substances; it deterges softly and makes a protecting layer that revives the colour and makes easy the cleaning and the daily maintenance.

The presence of "soft" waxes can also reduce the natural slipperiness of the floors.

The product do not need rinsing and allows the cleaning and the maintenance by a single operation.
