**MONOCERA**  
**" ZERO SOLVENTS "**

**WATER BASED WAX**  
**environmentally friendly**  
for **MARBLE, GRANITE, STONE**

**MONOCERA ZERO SOLVENTS** is a liquid formulation exclusively based on micro-emulsions of waxes, water based, totally solvent free for the respect of the environment.

Several kind of waxes, mainly natural, grants to the product a great versatility of use and multiplicity of effects not easily obtained with a single product.

Its main characteristic is the extraordinary polishing power performed by the presence of hard natural waxes and the very good antistatic and anti dust effect enhancing the clean and the gloss.

It is particularly suitable for polished stones such as marble, granites and hard natural stones, terrazzo, gres porcelain tiles.

**MONOCERA ZERO SOLVENTS** dries quickly without leaving marks or halos on the surface, repels the humidity and the dust accumulation and during the application performs also a soft detergent action removing light traces of dirt.
