TECHNICAL DATA SHEET

PRODUCT

MONOCERA (COTTO)

PASTE WAX FOR TERRACOTTA

Solvent-based paste wax. The basic version is white neutral colour, but black, green, yellow and red are also available. Recommended for all kind of terracotta of high, medium and low porosity and absorption where creates a good waterproofing and reviving effect. The paste formula makes easy the application for any surface. The presence of hard waxes allows to obtain, after polishing, the most glossy surfaces.

FUNCTION

SOLVENT-BASED PASTE WAX FOR SURFACE TREATMENTS

LINE

TERRACOTTA

SURFACE PROTECTING AGENTS WITH REVIVING EFFECT

INDICATION

FOR ALL POROUS SURFACES

MATERIALS

TERRACOTTA, UNGLAZED CERAMIC TILES, BRICKS, HOLLOW AND FLAT BRICKS etc.

HOW TO USE

Spread evenly over surface with a clean cotton cloth, stroking to allow the penetration. Wait several minutes to allow to dry. After drying, to obtain a very high shine grade polish with a rag or buffing machine.

TEST

On a small surface effect always a preliminary test to determine consumption, drying time and, after drying, the aesthetic result and the shine grade effectively obtained.

COMPOSITION

MIXTURE OF WAXES AND ORGANIC SOLVENTS

TECHNICAL INFO

Evaporation time of the solvents is 5 to 15 minutes (depending on environmental condition: temperature, humidity, ventilation etc.). Consumption varies according to the material porosity and the shine grade, and generally ranges from 70 to 150 gr/m².

STABILITY

Stored in dry place, into the well closed original containers, at temperature of 15-25°C (59-77°F) the product is stable at least 1 (one) year.

NOTE

Solvent-based product: flammable. Wear impermeable gloves and apply in well ventilated areas. For more information about safety, see the product label or the Material Safety Data Sheet.

IMPORTANT

Apply only on clean and dry surfaces. Synergic compound of different waxes. Provides a thin coating that adheres well to surface and can be polished.

PACKAGING

1 L.

LIMITATION OF LIABILITY

The data provided derive from published information or from our own laboratory tests. The information provided here must be considered as a guideline and not as any form of performance guarantee. Since the application of the product is beyond the control of the manufacturer or supplier, our liability for defective products, when verified, is limited to refund of the purchase price.

A PRELIMINARY TEST IN A SMALL, HIDDEN, AREA IS RECOMMENDED BEFORE THE APPLICATION
